**PEOPLE
TELL THE
STORY**

44 million	Americans who have no health insurance
8.3 million	Americans unemployed
3 million	Americans who have lost their jobs during the Bush Administration
300,000	Americans who have stopped looking for work due to the weakened economy
84,000 and \$270 million	Students who will not receive Federal education grants and the amount of money Bush wants to cut from government scholarships
88%	Americans who will save less than \$100 on their 2006 federal taxes as a result of the 2003 cut in capital gains and dividends taxes
40%	National Guardsmen 19 to 35 years old without health insurance
1	Right-wing Supreme Court justice (appointed for life) needed to defeat freedom of choice and overturn <i>Roe v. Wade</i>

**This is a result of the Republican agenda during President Bush's first term.
What can they be planning if they retain power?**
