Will you be a part of history?

Dear \_\_\_\_\_,

You have a chance to be a part of the largest grassroots campaign in history. The Bush-Cheney campaign has 934,898 grassroots contributors.

Will you help President Bush reach 1,000,000 by joining his campaign team by making a contribution of \$1,000, \$500, \$250, \$100, \$50 or even \$35 at [www.GeorgeWBush.com/Million](http://www.GeorgeWBush.com/Million) today?

On May 16, 2003 President Bush kicked off his campaign and I want to be able to tell him on May 15, 2004 that in less than one year 1,000,000 Americans have joined his re-election team.

We're close to our goal but President Bush needs your help to put us over the top. Check back at [www.GeorgeWBush.com](http://www.GeorgeWBush.com) each day to see the latest number of grassroots contributors.

**That's why I also ask you to forward this e-mail to five friends, family and neighbors who you think would be a part of this effort to put President Bush over 1,000,000.**

Your help could not come at a more urgent time.

John Kerry is relying on the help from radical left propaganda groups that are funded by a few wealthy liberal billionaires to viciously attack President Bush (one group compared our President to Adolf Hitler!). And liberal Democrats have

been flooding John Kerry's coffers with money driven by their intense dislike of President Bush.

But President Bush has the largest grassroots campaign in history and with your help we will continue his strong and steady leadership during these challenging times.

**Make your contribution at [www.GeorgeWBush.com/Million](http://www.GeorgeWBush.com/Million).**

We need your help. Please join the Bush-Cheney team today and become a part of history.

Thank you for you support.

Sincerely,

P.S. We are relying on grassroots leaders like you to get to 1,000,000. Will you send this e-mail to five friends, family and neighbors who you think would like to be a part of this historic effort by clicking on the link below. Thank you.
